

YOUTH- ENHANCING INTENSE MOISTURE *recovery*

LUMINESCE™ essential body renewal

delivers the ultimate in deep hydration with the restorative powers of adult stem cell technology. This unique, exclusive body lotion has been specially formulated with optimal ingredients under the expertise of world-renowned dermatologist Dr. Nathan Newman to help maintain a youthful radiance and protect against premature aging. LUMINESCE™ essential body renewal gently nourishes, restores, and softens all skin types, particularly in rough and dry areas, without clogging your pores.

Over the years, your skin loses its youthful appearance as you become exposed to a variety of environmental stressors, such as the sun's ultraviolet rays and free radicals. At the visible surface, this creates wrinkles, age spots, and a dehydrated, sagging complexion; below the surface, it changes your skin's structure and accelerates the aging process. Also known as photoaging, this type of exposure can cause serious and permanent damage to your skin. LUMINESCE™ essential body renewal works around the clock to save your skin by supporting the natural renewal process, leaving you feeling soft, supple, and rehydrated.

LUMINESCE™ essential body renewal

works on a cellular level, using a powerful phospholipids delivery system to penetrate and replenish your thirsty skin by locking in moisture and supporting cellular renewal. This luxurious lightweight formula contains potent antioxidant-containing botanicals to help protect against free radical damage, and over 200 key human growth factors that help your body maintain its natural processes for rejuvenation. LUMINESCE™ essential body renewal provides instant and exceptionally long-lasting relief to men and women, revealing a healthy, ultra-radiant complexion, all day, every day.

BENEFITS:

- OFFERS LONG-LASTING ANTIOXIDANT PROTECTION AND HELPS COMBAT PHOTOAGING
- HELPS NATURALLY MAINTAIN AND RESTORE A SOFTER, SMOOTHER, MORE YOUTHFUL SKIN TEXTURE
- RECONDITIONS THIRSTY SKIN AND SUPPORTS THE NATURAL RENEWAL PROCESS
- HELPS DELAY THE AGING PROCESS BY ENCOURAGING YOUR SKIN CELLS TO RENEW AND REJUVENATE
- HELPS DELAY THE APPEARANCE OF THE AGING PROCESS
- HELPS VISIBLY RENEW DRY, DAMAGED SKIN BY REDUCING FLAKING AND LOCKING IN MOISTURE AND NUTRIENTS
- SOOTHES ITCHY, DRY, IRRITATED SKIN
- NATURALLY LUBRICATES YOUR SKIN'S SURFACE, GIVING YOUR BODY A SOFTER, SMOOTHER APPEARANCE

- USES AN ALL-NATURAL PRESERVATIVE SYSTEM
- DERMATOLOGIST APPROVED AND RECOMMENDED
- CONTAINS NO ARTIFICIAL COLORS
- NON-GREASY FORMULA
- USES AN EXCLUSIVE, PATENT-PENDING STEM CELL TECHNOLOGY THAT RESTORES LUMINOSITY, FIRMNESS, AND SMOOTHNESS AT THE CELLULAR LEVEL

KEY INGREDIENTS:

SUPEROXIDE* DISMUTASE (SOD)

a patented super powerful ingredient that helps protect cells from free radical damage

APPLE, LENTIL, AND WATERMELON EXTRACTS**

prevents trans-epidermal water loss by locking in hydration; increases intracellular hydration by 85% in two weeks and has been shown to reduce the appearance of fine lines in as little as two hours

LUMINESCE™ GROWTH FACTOR COMPLEX

restores skin's natural protein levels with an exclusive patent-pending formula derived from adult stem cells

PASSION FRUIT EXTRACT

very high in vitamin C and polyphenol antioxidants that neutralize free radical damage and improve skin elasticity

BLACK ELDERBERRY EXTRACT

contains anti-inflammatory properties that soothe and soften your skin

NIACINAMIDE

improves your skin's protective barrier and helps maintain proper moisture levels by increasing the skin's production of ceramides and fatty acids

MICROCOCCUS LYSATE

naturally enhances the repair to DNA damaged by UV rays

CUCUMBER FRUIT EXTRACT

a natural humectant that increases water content in the top layers of your skin by drawing moisture from the surrounding air

USAGE AND APPLICATION:

DIRECTIONS: Apply LUMINESCE™ essential body renewal and gently massage all over your body, slowly massaging into your skin. Allow the lotion to absorb into your skin before dressing.

CAUTION: Avoid contact with eyes. If contact occurs, rinse eyes with water. Store product in a dry, cool (20-25°C), and dark location. Stop use and consult with doctor if irritation develops.

*Efficacy studies show that topical application of superoxide dismutase reduces erythema elicited by UV radiation.

**Multiple clinical tests have shown efficacy.
