

BALANCED
NUTRITION
MAKE IT YOUR
Top priority

vidacell is a 100% all-natural food supplement that provides the body's cells with **vital and essential nutrients** that help provide support for optimal health. Vidacell® is made with native strains of specifically selected fractions of rice grains that are harvested at the prime growth stage of life and at their highest nutrient content. Vidacell® comes from the Siam Valley of Thailand, a region of the world known for having some of the most fertile and unadulterated soils ever found, due to thousands of years of natural organic mineral accumulation.

In the early 1990s, a group of scientists, food technologists, and doctors in Thailand were doing some research on instant cereal formulas that they were producing as baby foods. This group of experienced and knowledgeable experts was experimenting with the idea of adding unique native strains of select fractions of rice grains to the cereals, using a proprietary nanotechnology and mechanical hydrolysis process. Shortly after they made the formula modifications, they began receiving unusual feedback—not only was the cereal nourishing, but a multitude of other health benefits were being reported too, which prompted further research to investigate the different health benefits of the formula. Today, ongoing research as to the benefits of vidacell® continues under the sponsorship of Thailand's National Innovation Agency (NIA), a department under the Ministry of Science and Technology.

Vidacell® is hypoallergenic and contains no dairy, wheat, gluten, sugar, chemicals, fillers, binders, artificial colors, artificial flavors, additives, or preservatives and is not genetically modified (non-GMO). The polysaccharides, polypeptides, and cofactors contained within vidacell® may support your ability to achieve your optimal health.

FEATURES & BENEFITS:

- A STUDY HAS SHOWN THE MAINTENANCE OF HEALTHY CHOLESTEROL, HDL, AND LDL LEVELS AFTER THREE MONTHS OF TAKING VIDACELL®*
- CONTAINS ALPHA-GLYCANS (POLYSACCHARIDES AND POLYPEPTIDES)
- 100% ALL-NATURAL INGREDIENTS
- CONTAINS NO STIMULANTS, DAIRY, WHEAT, GLUTEN, SUGAR, CHEMICALS, FILLERS, BINDERS, ARTIFICIAL COLORS OR FLAVORS, ADDITIVES, OR PRESERVATIVES
- IS HYPOALLERGENIC AND NOT GENETICALLY MODIFIED (NON-GMO)
- USES PROPRIETARY, INNOVATIVE PROCESS TECHNOLOGY**
- CONTAINS EXCLUSIVE PATENTED INGREDIENTS
- HAS OTHER ALTERNATIVE USES
- IS A CONVENIENT LOW-CALORIE SOURCE OF NUTRITION FOR THE ENTIRE FAMILY

KEY INGREDIENTS:

“ PERFECT FOR RAISING
a healthy, fit family. ”

NATURAL ALPHA-GLYCANS FROM RICE FLOUR BLEND

polysaccharides and polypeptides from special strains
of brown, short, and fragrant rice flours

USAGE AND APPLICATION:

DIRECTIONS: The best way to take vidacell® is to shake it or mix it with four to six ounces of liquid (dissolves best with warm liquids) or sprinkle over food. Vidacell® can be taken at any time of the day or night. However, many people find that they experience improved digestion when they take vidacell® 15 minutes prior to a meal.

The recommended daily serving size can vary from person-to-person depending on their weight and size. It is recommended that adults take one to three servings per day for daily maintenance. Children should take half of the suggested adult servings. For an alternative use, mix into a paste, apply to skin, wait 10-15 minutes, and rinse with warm water.

CAUTION: If you are being treated by a physician or taking medication, please consult your physician prior to taking vidacell® or any dietary supplement. All pregnant and lactating women should consult with their physician before taking vidacell®, as they should with any dietary supplement.
